

## E-Learning Schedule – March 2020

### Year 12

Teachers of Y12 should be in contact with all students in their classes. Staff should share resources through the trust website where possible or, if tailoring to specific needs, through e-mailing students directly.

Students should either type or handwrite and photograph work. This can then be e-mailed to staff for marking/feedback.

Please ask staff to keep a log of work submitted. DC/RP to be informed if there are any students that are not engaging so we can call home to discuss with parents.
